INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Rivers of Recovery, Inc.

We have audited the accompanying statements of financial position of Rivers of Recovery, Inc. (a non-profit organization) as of December 31, 2011 and 2010 and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rivers of Recovery, Inc. as of December 31, 2011 and December 31, 2010, and the results of its operations and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Its mission is to provide unique and meaningful recreational trips for disabled military veterans affected by physical disabilities, such as Post-Traumatic Stress Disorder (PTSD) and Traumatic Brain Injury (TBI), and their families and for the families of fallen soldiers at no cost to the participants. The Organization's main source of funding is contributions from donors.

The Organization’s programs embrace the following:

Appreciation – The Organization provides the means to demonstrate its appreciation for the dedication and sacrifice of veterans.

Empowerment – Learning new skills, embracing adventure, accomplishing goals—These build self-esteem and self-confidence which can be reinforced and applied in everyday life.

Presently, the Organization uses the services and equipment of professional guides, as well as some of the Organizations equipment.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation - The Organization follows the accrual basis of accounting and the accounting standards applicable to not-for-profit organizations. The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As of December 31, 2011 and 2010, all net assets were unrestricted.

Revenue Recognition - Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Restricted contributions are required to be reported as temporarily or permanently restricted support and are then reclassified to unrestricted net assets upon expiration of the time restriction or appropriate use of the assets.

All contributions are considered available for unrestricted use unless specifically restricted by the donor. For the years ended December 31, 2011 and 2010, none of the contributions were restricted.

Contributions related to special events are recognized in the period that the event occurs.

Contributions and Donated Services - Contributions of donated cash, assets and services are recorded at their fair values in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received. The Organization did not receive any donated supplies and services during the years ended December 31, 2011 and 2010, respectively.

Functional Allocation of Expenses - The cost of providing the program and other activities is summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes - The Organization is qualified as a non-profit organization under the Internal Revenue Code Section 501(c)(3) and, accordingly, is exempt from federal and state income taxes with respect to its exempt activities. There was no unrelated business income for the years ended December 31, 2011 and 2010. Tax filings of the organizations for the prior three years are subject to examination by the Internal Revenue Service. The calendar years 2010, 2009 and 2008 are currently subject to potential examination.

Estimates - The preparation of financial statements in conformity with U.S generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Cash and Cash Equivalents - As of December 31, 2011 and 2010, cash is comprised of cash, checking accounts, and savings accounts. Cash equivalents are generally comprised of certain highly liquid investments with original maturities of less than three months. As of December 31, 2011 and 2010, the Organization did not hold any cash equivalents.

Property and Equipment - Property and equipment are reported at cost. Depreciation of property and equipment is computed using the straight-line basis over the estimated useful lives of the assets. Property and equipment consists of outdoor equipment as well as computers. These items are being depreciated over 5 years. Depreciation expense for the years ended December 31, 2011 and 2010 was \$1,577 and \$1,414, respectively.

its website. These costs are being amortized over 5 years. Amortization expense for the years ended December 31, 2011 and 2010 was \$2,100 and \$2,100, respectively.
